<https://www.mazzonicenter.org/youth>

Introduction

The School District of Philadelphia recognizes that student and family issues impacts the educational progress and performance both at home and in school. These needs frequently exceed the school system's role in education. The Community Resource Guide is now accessible district wide and all categories are available to print. We welcome private and professional members of our community to utilize this resource, because all stakeholders are valued.

The Education for Children & Youth Experiencing Homelessness program (ECYEH) in conjunction with The Office of Family and Community Engagement (FACE) developed the Community Resource Guide to assist schools, communities, and families in identifying the resources available for the needs of all students and families.
